

"GRPod" GLASSFIBRE SAFETY WORK PLATFORMS

- ▶ "GRPod" is much MORE than just a conventional stepladder.
- ▶ Glassfibre side stiles give **electrical insulation** - essential when working near live electricity.
- ▶ Much safer than standard steps because of the 1.10m high guardrail at front and both sides, PLUS safety chain behind user.
- ▶ Much safer also because the large footprint area gives greater stability.
- ▶ Extra large platform is 600mm x 400mm.
- ▶ Ideal for easy one-man use - simply unfold the unit and start work!
- ▶ Easily portable and manoeuvrable, either open or closed. The roller wheels fitted to rear mean it can be tilted and rolled along.
- ▶ Lightweight yet robust for industrial use - max safe working load 150kg - kitemarked to BS EN131 PROFESSIONAL.
- ▶ Folds flat for storage and transportation - just 440mm thick when folded.
- ▶ All ALLOY model ARPod also available at a lower price.

Need a lower price & NOT electrical insulation? See our **ARPod**

Kitemarked to **BS EN131 PROFESSIONAL**

with a max safe working load 150kg

Roller wheels are clear of the floor until GRPod is tilted (either closed or open) when they allow easy movement between locations

"GRPod" GLASSFIBRE SAFETY WORK PLATFORMS

code	No. Treads Incl platform	Platform Height	Platform Size L x W	Approx Working Heights	Closed Size (Folded) H x W x D	Open Size H x W x D	Appx Weight
